

BHS Falcon Booster Club
"John Queenan" Scholarship
Criteria

Each year the Bow Booster Club awards a scholarship to honor the memory of John Queenan, Class of 2003. John suffered a tragic and untimely death on the day he earned a place on the St. Joseph's College Golf Team at the very start of his college career. John was a much loved student athlete who won the hearts of his classmates, teammates, coaches and teachers for his spirit, dedication, determination and compassion.

John was neither one of Bow's most gifted scholars nor most gifted athletes. One of his many great talents was the extent to which he made the most of the talents and abilities he possessed. By hard work and dedication, he made a major contribution to the teams he was a part of, the school he loved and the classmates whose hearts he had won.

John was dedicated to everything he did. He was known for his overflowing school spirit and his undaunted determination. He understood how and never failed to contribute from the bleachers, the bench or the playing field.

John's kindness and compassion for all those he knew is an example for everyone in the Bow High School community. It earned him many, many friends and admirers. It also enabled him to reach out, impact and benefit many who came to know him.

The recipient of this scholarship shall be chosen based on the following criteria:

- a. An essay of 500 words or less on your Bow High School spirit; and
- b. Commitment, dedication and contribution to team and school regardless of talent and ability; and
- c. Civility, kindness and compassion for all in the Bow High School community; and
- d. Hard work and determination in all endeavors and activities.
