

Bow High School Falcon Booster Club

On behalf of the Bow High School Falcon Booster Club we would like to welcome you and your student to Bow High School. We are sure you and your student athlete have an exciting year ahead of you.

The BHS Falcon Booster Club was established in 1996 to support our student athletes, to provide scholarships and to enhance the resources and facilities they will have at Bow High School as you will see from the enclosed list of accomplishments. This list is only some of the many ways the Booster Club supports our high school's athletic program and supports your sons and daughters.

The BHS Falcon Booster Club is one of the ways we have tried to make their experience and our own at Bow High School as rewarding as possible. Most of the BHS Falcon Booster Club Members have sons and daughters who are student athletes. Some have continued with the Club after their children have graduated.

One of the great aspects of the athletic program in Bow is the extremely high percentage of students who participate in some sport. In fact, more than three-quarters of the last graduating class participated on a Bow High School varsity or junior varsity team. This represents a great accomplishment. It means there is a very high probability your daughter or son's experience can benefit from the efforts of the BHS Falcon Booster Club. We hope you will consider joining us as we work to provide a great experience for all our student athletes.

We would like to encourage you to participate in the BHS Falcon Booster Club. You can contribute to the continuing development of the athletic programs at our high school by either getting involved or by making a contribution to our club. If you are interested you should contact me by email or telephone. I also recommend you visit our website for upcoming events at www.bowboosterclub.com. I look forward to hearing from you and seeing you at the many events that lie ahead!
